**WAST-Support Young Women in
Alternative and Sustainable Tourism**

wast_community

wastcommunity.info@gmail.com

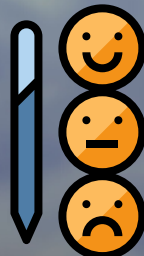

The project results are ready and we are at the phase of pilot testing. During this phase, we need **artists** and **young people 15-30** involved in **tourism sector** (also students), and mainly **women**, to test our results and give feedback content and technical wise.

There are two results:

1. #WAST Guide with modules about sustainable & alternative tourism.
2. Online Space Community which connects all people related with tourism.

Both are **online** in our website. **<https://www.wastcommunity.eu>**

Also, you can get a certificate by attending the modules of the Guide.

Co-funded by
the European Union

The 3rd Transnational Project Meeting was held on 4 & 5 of September 2023, in Pianezza, Italy. During the meeting, partners had the opportunity to see the progress of the project results and decided the pilot testing procedure. Also, partners discussed about the upcoming events in Cyprus.

C1 Training Activity

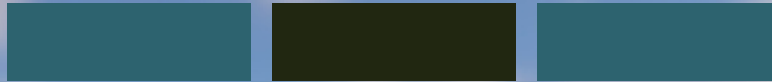

On 4-8 of September 2023, 15 young people from tourism sector and trainers, from all project countries, participated in a training activity based on alternative & sustainable tourism.

Also, during this training the participants had the opportunity to use and test the project results and take part in non-formal Education activities.

Upcoming Events

MULTIPLIER EVENTS IN ALL PROJECT COUNTRIES

There will be one promotional event in every project country, in which you can go and check the project results, use the online platform, become part of our community and connect with the project.

THE FINAL CONFERENCE

Once all the results will be ready, there will be one Final Conference in Nicosia, Cyprus on 23 of April. In this Conference, all partners and stakeholders will share their experience from the project activities and they will present the project results, that have been developed during the project.
